

PUNI ARTE EDITION 02

GLURNS, ITALY

PUNI'S ARTE Edition 02 is an evolution of their Italian malt whiskies. Instead of solely relying on their three-malt mash bill of barley, wheat, and local rye, this whisky mixes in an additional single malt distilled at PUNI. The first whisky of three malted grains is matured for almost eight years in ex-bourbon and virgin oak barrels. This is then blended with a barley only single malt that is aged for four years in ex-bourbon barrels. The results are a balance between dry and rich that shows honeyed vanilla cakes in a lovely combination with spicy ginger and toasted tobacco leaves.

ABV
46.0%

STYLE
ITALIAN MALT WHISKY

LIMITED EDITION OF 1,700 BOTTLES

PUNI

After years of contemplation and planning, builder Albrecht Ebensperger quite literally laid the foundation of the first Italian whisky distillery in 2010. With great enthusiasm and profound passion for the Scottish water of life the Ebensperger family founded PUNI. Located in the Alps, just outside the small town of Glurns in the Vinschgau valley lies this fascinating malt whisky producer. Flowing through this fertile valley is the Puni River which became the distillery's namesake. Like Scottish distilleries, that often have Gaelic names, PUNI is an ancient Raetic name, deeply rooted in the local history of pre-Roman times.

Considered the 'Highlands of Italy,' this was the ideal place for creating an extraordinary whisky. The growing of grain has a long tradition in the Vinschgau Valley, with its characteristic dry climate and low precipitation, rye has always been the dominant variety. PUNI distillery incorporates the locally grown rye, adding distinctive complexity to their unique whiskies.
